EDUCATION

Shree Rayeshwar Institute of Engineering and Information Technology, Shiroda **7.42 CGPA**
B.E. Computer *Sept, 2020 - July, 2024*

Dr. Keshav Baliram Hedgewar Higher Secondary School **62%**
Higher Secondary Education *June, 2019 - March, 2020*

Our Lady of Perpetual Succor High School **74.83%**
Senior School Certificate *June, 2017 - March, 2018*

TECHNICAL SKILLS

Programming Languages: React, Python, HTML, CSS, JavaScript, PHP, MySQL

UI/UX Design: Canva, Figma

Basics of: OOPS, Networking

Product & Tools: JIRA, Trello, Postman

WORK EXPERIENCE

Assistant Engineer (Testing)
INET COMPUTER SERVICES (In Association With Goa Electronic Limited), Goa *Jul, 2025 – Present*

- Developed, reviewed, and executed detailed test cases, test scenarios, and test plans based on system requirements and specifications.
- Performed functional, regression, integration, and user acceptance testing (UAT) to ensure software meets business and user needs.
- Reported, tracked, and retested bugs using issue-tracking tools to ensure high-quality deliverables.
- Collaborated closely with developers and business analysts to clarify requirements and validate fixes.
- Documented testing outcomes and provided feedback to improve software usability and performance.
- Conducted cross-browser testing and data validation across various modules.
- Assisted in test data preparation and coordinated with stakeholders during production rollout.

System Administrator
INET COMPUTER SERVICES (In Association With Goa Electronic Limited), Goa *Mar, 2025 – Jun, 2025*

- Coordinated with Constituency Representatives to organize and manage e-Governance renewal camps across constituencies.
- Inspected and finalized feasible locations for camp setups.
- Handled system configuration, biometric installations, and ensured technical readiness.
- Managed inventory checks and resolved on-site technical issues promptly.
- Provided continuous support to field teams for smooth camp operations.

Project Intern
Tangentia India *Jul, 2024 - Oct, 2024*

- Managed data loading and resolved database queries, ensuring seamless operations.
- Set up and configured new systems remotely, optimizing performance and usability.
- Automated processes to enhance productivity and streamline project workflows.
- Conducted system testing, troubleshooting, and issue resolution to maintain operational efficiency.
- Collaborated with teams to meet project deliverables and documented processes for continuous improvement.

Web Developer Intern
Codanto *Aug, 2023 - Sept, 2023*

- Implemented APIs to enable seamless communication between web components.
- Utilized JavaScript for dynamic and engaging website features.
- Designed HTML layouts for visually appealing and accessible web pages.
- Managed website data efficiently with a Database Management System (DBMS).
- Integrated multiple web domain languages to create a comprehensive portfolio website.

PROJECTS

- **Sight Speak for Visually Impaired** Implemented the YOLOv5 model for real-time object detection, ensuring high accuracy and speed. Developed Python scripts to integrate object detection results with the gTTS library for multilingual speech generation including Konkani. Presented research findings and demonstrated the project at the International Conference on Computer and Network Technology (ICCNT). Contributed a research paper detailing the system's architecture, methodology, and experimental results in the field of assistive technologies. Received positive feedback and recognition at ICCNT for the project's technological innovation and societal impact.

CERTIFICATIONS

- Advance CPP - IIT Bombay
- Java Training - IIT Bombay
- Linux Training - IIT Bombay
- C Training - IIT Bombay
- Fundamentals of Cyber Security - Infosys Springboard
- Basics of Python - Infosys Springboard

ACTIVITIES

- Volunteered Technical Events at Techtwister 2024
- Organised all Goa Inter Collegiate Ghumat Aarti Competition

SOFT SKILLS

- Collaboration and Teamwork
- Time Management
- Creative Problem Solving
- Critical Thinking
